We share SDP information and updates in different ways. Please indicate the ways you have learned about our SDP. Check all that apply.

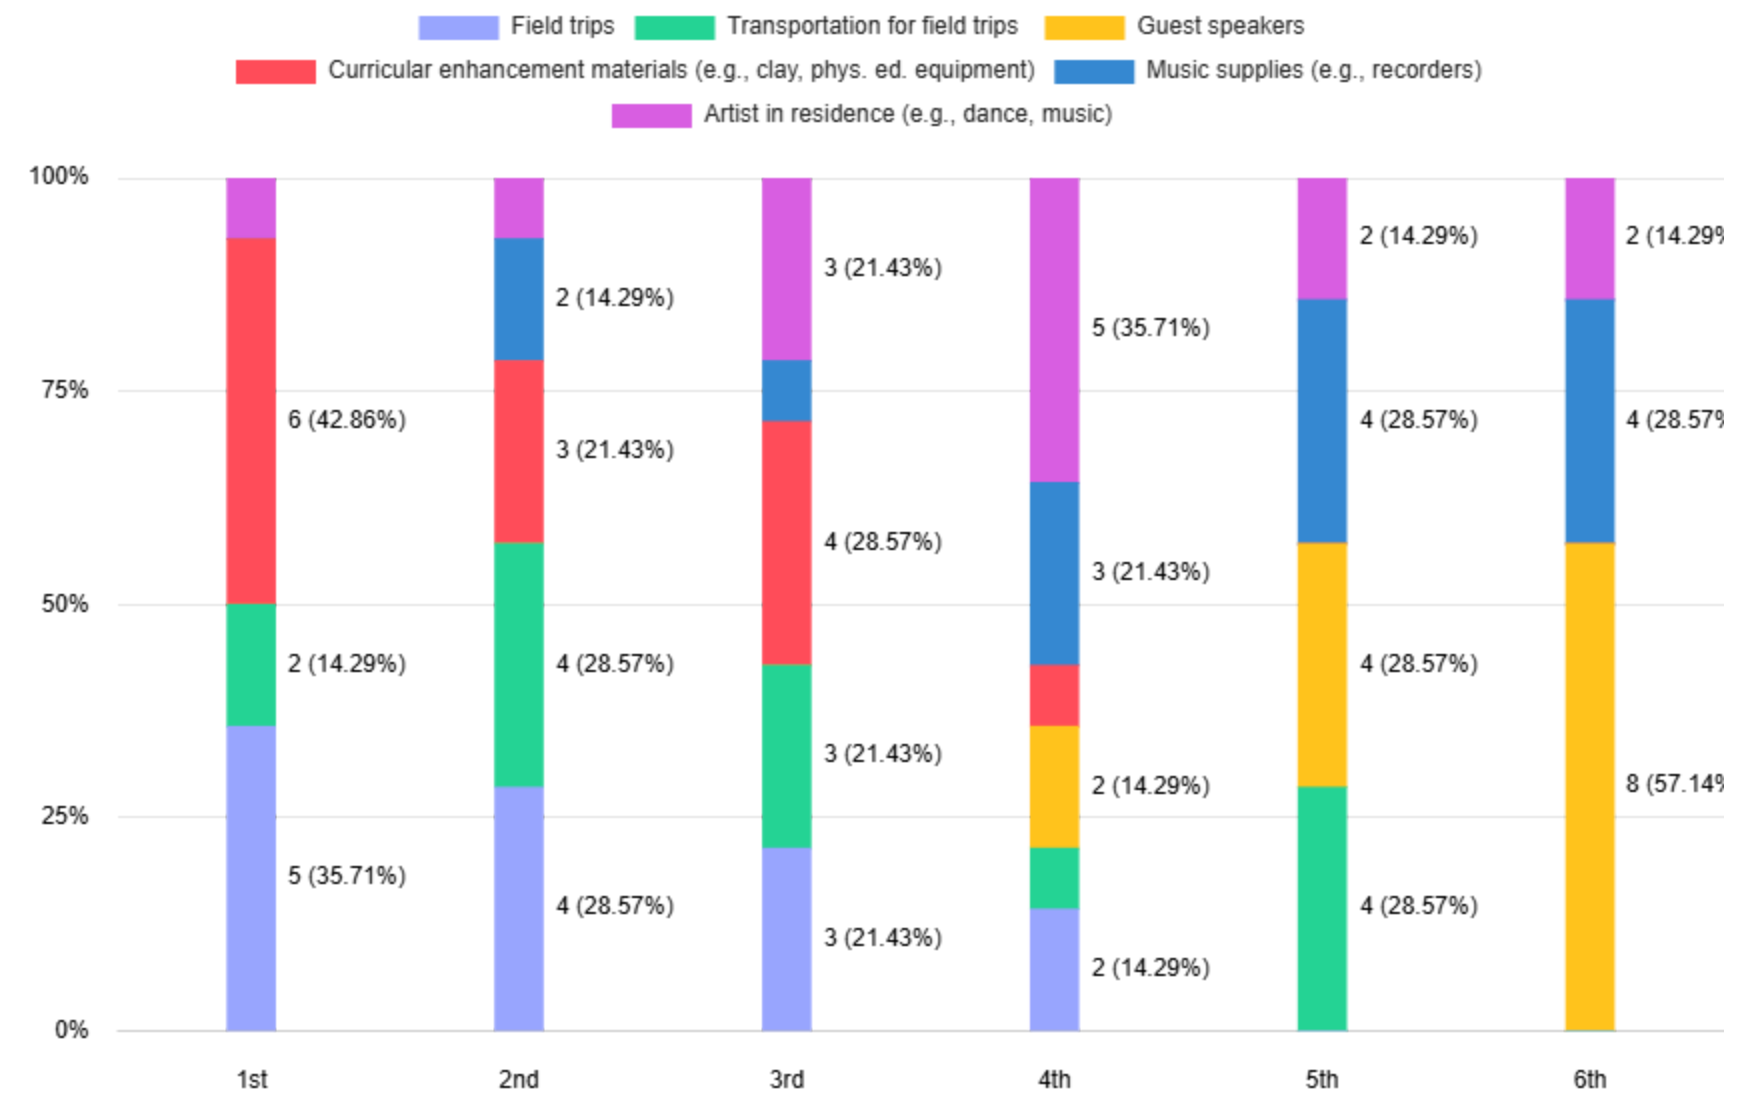

The SDP is developed with all students in mind. Please select your level of agreement with the following statements:

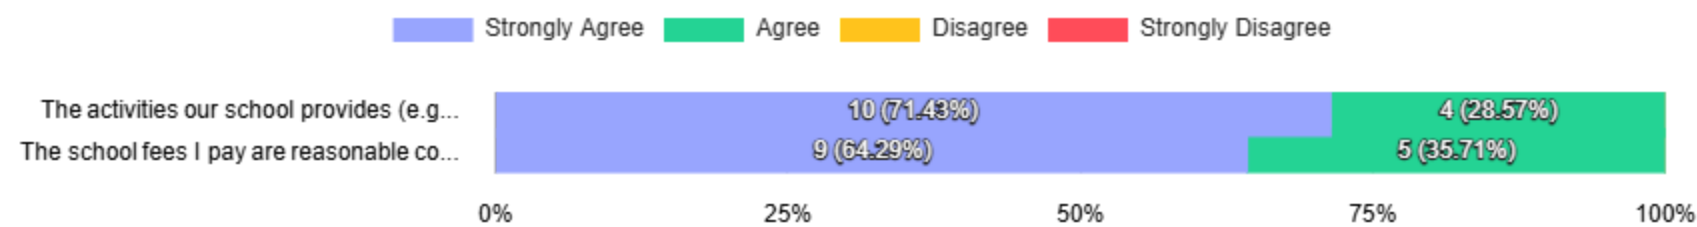

Please share any other thoughts you may have about our SDP.

- We feel that the SDP only focuses on the students that are in dire need of improvement and not addressing the other learners that do not find the classroom setting/learning challenging enough.
- I think the board (and provincial expectations) should relax on the academics for k-6 students and focus more on well being, play based exploration and inquiry learning. The curriculum is too hard with too many outcomes.

Schools must operate within their budget and too many fees can be unmanageable for families. Knowing that, please rank the following activities and services in order of importance to you.
