

Relevant contextual information about your school and School Development Plan:

- K-6 school with a diverse population
- SDP Focus: Literacy and Numeracy
- Technology Footprint: Chromebooks and iPads

Relevant evidence and data that informs your Digital Citizenship Plan:

- As early learners, students are new to using digital tools for learning
- Students had limited access to technology for the first part of 23-24 school year due to unforeseen infrastructure issues

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long-term goal)	Outcomes	Activities & Resources	Measures	November	January	June
Long term goal #1 Learners will understand the importance of protecting personal information online and apply appropriate strategies	Safe I know how to protect my personal information online	Short term goal 1 Students will understand the characteristics of a strong password and why it is important to have one.	Students will create an age-appropriate unique password to access the CBE network/technology	Review resources on Digital Citizenship Insite Pages Targeted lessons on creating strong passwords Support from the Teaching and Learning with Technology Specialists as Needed	All students in the school will have a unique, secure password to access the CBE network/technology			
		Short term goal 2 Students will understand the importance of keeping their	Students will keep their passwords private and keep password hints in a secure location	Review resources on Digital Citizenship Insite Pages Students will learn how to reset passwords using the Student Account Tool	All students will keep their passwords private and know how to reset their passwords, as needed			

		passwords secure and private.		Support from the Teaching and Learning with Technology Specialists as Needed				
Long term goal #2 Learners will develop skills using digital tools to support and enhance learning	Involved I leverage digital tools to learn, express my creativity and collaborate with others	Short term goal 1 Students will use a variety of digital tools and software to demonstrate their understanding of curriculum	Students will understand how to use a variety of digital tools and make decisions on which tools will suit their learning needs	Teachers will familiarize themselves with the features of Google tools Video or text-based tutorials on Google tools Students will use various digital tools to demonstrate their learning through curricular connections. (iPads, Google Tools, Coding) Teachers will design tasks that incorporate Google tools Support from the Teaching and Learning with Technology Specialists as needed	Increase in student use of digital tools to demonstrate their learning Increase in student advocacy for technology that aligns with the task and learning needs			

Next Steps & Focuses for the Coming School Year

Next Steps: Increase technology use on off-site activities
